

# Home Builders Blitz 2022

DRAWING NO.: A2  
DATE: 4/10/2018

## three homes. three families. one community of builders.

**Home Builders Blitz** is a biennial event that brings together local home builders, subcontractors, and suppliers to construct three Habitat homes with donated materials, labor, and financial support. These partners are joined by other construction industry partners to raise sponsorship dollars to ensure the project is fully funded, increasing the number of Habitat for Humanity families served in Monroe County.

**We are seeking building industry partners who want an opportunity to give back to their community.**

- Builders and subcontractors can volunteer skilled labor and solicit donated materials from their partners.
- Suppliers, organizations, and businesses can donate materials from the roof and walls to the kitchen sink.
- Other construction industry partners such as financial institutions, title companies, and real estate professionals can provide sponsorship funding, promote the project to their networks, and take advantage of group volunteer opportunities for their organizations.

This year's *Home Builders Blitz* will take place March 14-April 29, 2022 in our Trail View neighborhood and will bring together hundreds of supporters to construct three homes. Our *Home Builders Blitz* goal for 2022 is \$285,000 in donated materials and sponsorship dollars. With your partnership, we can fully fund and construct three family homes for three families who have waited an extended amount of time to begin construction.

**For more information on how your business can be involved and make a difference, email [construction@monroecountyhabitat.org](mailto:construction@monroecountyhabitat.org) or call 812.331.4069.**

**You can help us reach our goal by making an online gift today: [give.classy.org/BuildersBlitz2022](https://give.classy.org/BuildersBlitz2022)**

**Mark your calendars - our informational Kick-Off Event will be held at Switchyard Brewing Company February 16, 2022 | 5:30pm**
